May Colette and Tom rest in the peace of Christ.

National Synthesis of Synodal Process

The national synthesis – which has now been submitted to the Synod Secretariat in the Vatican as part of the global synodal process announced by Pope Francis for the Church is available to read and download on www.kandle.ie

Dr Nicola Brady, Chair of the Synod Steering Committee, said, "We invite everyone to read the national synthesis and reflect on what we are called to do, as individuals and as a church community, as a result of what we have heard. The issues raised are not new, but the honesty and clarity with which they have been articulated in this process, and the relational approach that has characterised the work to date, offers a strong foundation to build upon. Some of the findings are stark, many of the experiences shared are painful, but there have also been many hopeful and encouraging aspects, notably the importance many people have placed on this process and the skills and experience we will take forward into the subsequent phases of this work. Important questions have been set out for deeper reflection and pastoral action at every level of Church life and there will be many more opportunities for people to get involved and help shape this process."
